

Materialise Share-Buy Back Program

February 9, 2026

Leuven – 9 February 2026 – 22h00 CET Regulated information^[1]

Materialise reports on the progress of its share buy-back program announced on 30 October 2025.

9 February 2026 – Materialise NV (Euronext: MTLN) (Nasdaq: MTLN) (“Materialise”) (“the Company”) hereby discloses certain information in relation to its share buyback program announced on 30 October 2025, in accordance with Article 8:4 of the Royal Decree of 29 April 2019 implementing the Belgian Code on Companies and Associations. Under this program, Materialise has granted a discretionary mandate to an independent financial intermediary to repurchase Materialise shares for an amount of up to EUR 30 million.

Materialise reports the purchase of 66,945 Materialise shares in the period from 2 February 2026 up to and including 6 February 2026. The shares were repurchased at an average price of 4.54 EUR per share for a total consideration of 303,785 EUR.

66,945 shares were repurchased through the central order book of the following exchanges:

Date of repurchase	Exchange	Number of shares	Total amount (EUR)	Total amount (USD)	Average price (EUR)
02-Feb-2026	NASDAQ	6,752	31,970	37,853	4.73
03-Feb-2026	NASDAQ	22,598	102,111	120,502	4.52
04-Feb-2026	NASDAQ	19,128	85,702	101,300	4.48
05-Feb-2026	NASDAQ	7,217	31,942	37,685	4.43
06-Feb-2026	NASDAQ	11,250	52,059	61,398	4.63
Total of the week		66,945	303,785	358,738	4.54

No shares were repurchased through cross trades or block trades.

Since the start of the share buy-back program on 26th of January 2026, Materialise has bought back 111,123 shares for a total amount of 510,346 EUR (605,421 USD) under the share buy-back program. This corresponds to 0.2% of the total shares outstanding.

Materialise currently holds 111,123 own shares.

The overview relating to the share buy-back program is available on <https://investors.materialise.com/> and will be updated on a weekly basis.

About Materialise

Materialise incorporates more than three decades of 3D printing experience into a range of software solutions and 3D printing services that empower sustainable 3D printing applications. Our open, secure, and flexible end-to-end solutions enable industrial manufacturing and mass personalization in various industries — including healthcare, automotive, aerospace, eyewear, art and design, wearables, and consumer goods. Headquartered in Belgium and with branches worldwide, Materialise combines the largest group of software developers in the industry with one of the world's largest and most complete 3D printing facilities.
