

Materialise to Present at the Citi Global Technology Conference on Thursday, September 4, 2014

August 26, 2014

LEUVEN, Belgium, Aug. 26, 2014 (GLOBE NEWSWIRE) -- Materialise NV (Nasdaq:MTLS), a leading provider of additive manufacturing software and of sophisticated 3D printing services, will present at the Citi Global Technology Conference on Thursday, September 4, 2014.

The conference, which is by invitation only, will be held at the New York Hilton Midtown (1335 Avenue of the Americas) in New York City. Executive Chairman Peter Leys will present at 1:15 p.m. ET. The presentation will be available through a webcast that can be accessed at investors.materialise.com or directly at <http://investors.materialise.com/phoenix.zhtml?c=253045&p=irol-calendar>.

A replay of the presentation will also be available approximately one hour after the webcast at <http://investors.materialise.com/phoenix.zhtml?c=253045&p=irol-calendarPast>.

The company will meet one-on-one with institutional investors during the day. To obtain additional information about Materialise's participation in the conference please contact LHA.

About Materialise

With its headquarters in Leuven, Belgium, and branches worldwide, Materialise is a provider of Additive Manufacturing (AM) software solutions and sophisticated 3D printing services in a wide variety of industries, including healthcare, automotive, aerospace, art and design and consumer products. Materialise has been playing an active role in the field of AM since 1990, through its involvement in AM for industrial and medical applications, by providing biomedical and clinical solutions such as medical image processing and surgical simulations and by developing unique solutions for its customers' prototyping, production, and medical needs.
