

Materialise to Present at the Needham Growth Conference on Tuesday, January 13, 2015

December 17, 2014

LEUVEN, Belgium, Dec. 17, 2014 (GLOBE NEWSWIRE) -- Materialise NV (Nasdaq:MTLS), a leading provider of additive manufacturing software and of sophisticated 3D printing services, will present at the 17th Annual Needham Growth Conference on Tuesday, January 13, 2015 at 12:05 PM ET.

The conference, which is by invitation only, will be held at the New York Palace Hotel in New York City. The presentation by Executive Chairman Peter Leys will be available through a webcast that can be accessed at <http://wsw.com/webcast/needham69/mtls> or on the company website at investors.materialise.com. A replay of the Materialise presentation will also be available.

The company will meet one-on-one with institutional investors during the day. To obtain additional information about Materialise's participation in the conference, please contact LHA. Attendees can also contact their Needham representative to arrange a meeting.

About Materialise

With its headquarters in Leuven, Belgium, and branches worldwide, Materialise is a provider of Additive Manufacturing (AM) software solutions and sophisticated 3D printing services in a wide variety of industries, including healthcare, automotive, aerospace, art and design and consumer products. Materialise has been playing an active role in the field of AM since 1990, through its involvement in AM for industrial and medical applications, by providing biomedical and clinical solutions such as medical image processing and surgical simulations and by developing unique solutions for its customers' prototyping, production, and medical needs.
