

Materialise to Present at Needham Growth Conference on Tuesday, January 12, 2016

January 7, 2016

LEUVEN, Belgium--(BUSINESS WIRE)--Jan. 7, 2016-- Materialise NV (NASDAQ:MTLS), a leading provider of additive manufacturing software and of sophisticated 3D printing solutions in the medical and industrial markets, will attend the Needham Growth Conference on Tuesday, January 12, 2016.

The conference, which is by invitation only, will be held at the Lotte New York Palace Hotel in New York City. Executive Chairman Peter Leys and Chief Financial Officer Johan Albrecht will present at 4:50 p.m. ET. The presentation will be available through a webcast that can be accessed at <http://wsw.com/webcast/needham75/mtls> or on the company website at <http://investors.materialise.com>. A replay of the webcast will be available approximately one hour after the presentation.

The company will meet one-on-one with institutional investors on January 12, 2016. To obtain additional information about Materialise's participation in the conference, please contact LHA. Attendees can also contact their Needham representative to arrange a meeting.

About Materialise

With its headquarters in Leuven, Belgium, and branches worldwide, Materialise is a provider of Additive Manufacturing (AM) software solutions and sophisticated 3D printing services in a wide variety of industries, including healthcare, automotive, aerospace, art and design and consumer products. Materialise has been playing an active role in the field of AM since 1990, through its involvement in AM for industrial and medical applications, by providing biomedical and clinical solutions such as medical image processing and surgical simulations and by developing unique solutions for its customers' prototyping, production, and medical needs. For additional information, please visit: www.materialise.com.
